Smoking Cessation and Pharmacy Care Record (PCR)

Before starting a new assessment check the following:

- Does the patient consent to Follow Up? If No, do not proceed as it is no longer permitted under the new rules.
- Is the patient pregnant? If Yes, do not proceed and refer to the Quit4Good Service on 01835 825971 or via email smoking.cessation@borders.scot.nhs.uk. Please ensure that patient details are sent from your nhs.net account to maintain patient confidentiality

PCR will check for other quit attempts at other community pharmacies recorded in the last 12 weeks. If identified, a new quit attempt cannot be started unless undertaken at the same pharmacy as the previous attempt.

Selecting the patient

- It may be necessary to create a record for the patient
- A CHI look up function is available (CHI is mandatory)
- The mandatory patient information for smoking cessation patients differs from the normal PCR requirements. It is necessary to record the following additional information:
 - o Address 1
 - Post Code Please ensure this is entered correctly and in full or submission will be rejected.
 - Home and Mobile Phone Number
 - Email Address

Submission of data sets

After each submission check that the Minimum dataset section **Status** is shown as '**Validated**' and the **Release Status** as '**Submitted**'.

Reimbursement

- A CPUS form should still be completed for reimbursement purposes.
- The patient's CHI number must be included.

Initial Data Capture

 Pharmacy:
 9801 - GGC1

 User:
 GGC1 - Gary Glasgow

Start Quit Attempt and Confirm Quit Date

Before recording the quit attempt information any missing data will be highlighted. Use the **Edit initial data capture** or **Edit patient** links to update.

The quit date is not editable and drives the dates for the 4 week and 12 week submissions. It is recommended that at the point of initial appointment a provisional date is discussed but only recorded at the point of the first return appointment.

You should therefore click the **Cancel** Button when the **Confirm Quit date** and record contact screen is displayed after entering the initial data. When the client returns on the agreed date (around 7 days after initial visit) use the link in the **Next Action** section to record the quit date and first contact.

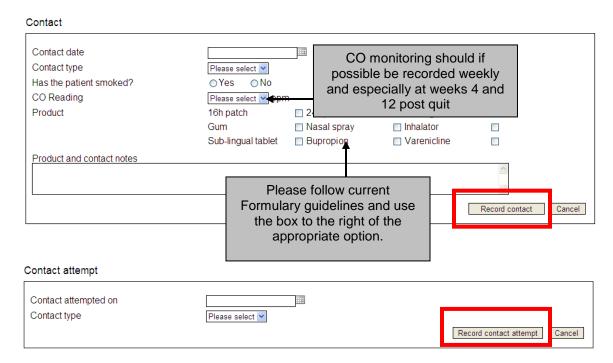

Please continue to follow local Formulary guidance when supplying products.

If appropriate e.g. patient is sufficiently prepared the quit date and contact can be recorded at the initial appointment

Community Pharmacy Smoking Cessation Guidance July 2014 NHS Borders

Recording a Contact

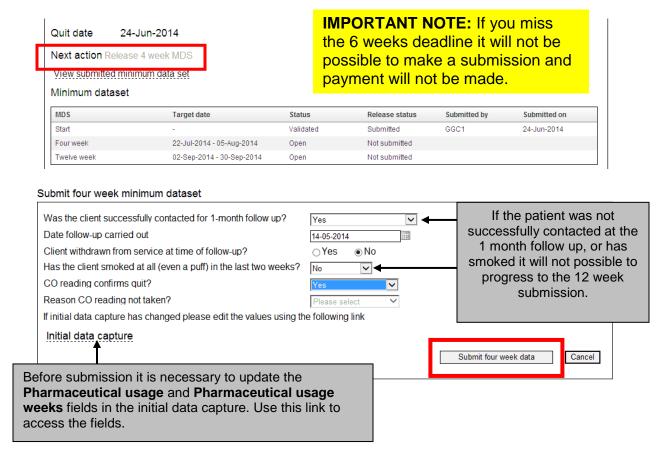

Record a contact each week as current practice. If this is not possible record the date and type under the Contact Attempt section.

Ulf no response after two missed visits and three attempts inform the Quit4Good Service on 01835 825971 or smoking.cessation@borders.scot.nhs.uk

Submit 4 Week Data

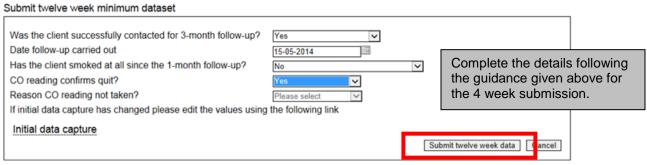

The link to release the data will be made available in the **Next Action** section between 4 and 6 weeks.

Submit 12 Week Data

The link to release the data will be made available in the **Next Action** section between 10 and 14 weeks.

U It is not possible to submit the date if this submission window is missed and payment will not be made.

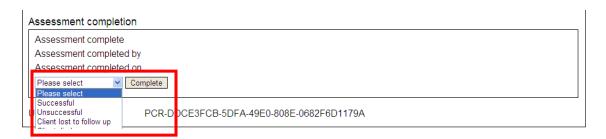

return to Smoking Cessation Review Page

Recording the Assessment Outcome

If at any point the patient is no longer attending the pharmacy and is not contactable, it should be recorded in the **Assessment completion** section as **Client lost to follow up**.

If the patient is found to have smoked in the 2 weeks prior to the 4 week submission or smoked more than five cigarettes since the last submission at week 12 an **Unsuccessful** result should be recorded.

If the patient has quit at week 12 then the assessment should be recorded as **Successful**.

<u>At least 3</u> separate attempts must be made to contact the patient at week 4 and 12, before recording that they have been lost to follow up.

If no response after two missed visits and three attempts inform the Quit4Good Service on 01835825971 or smoking.cessation@borders.scot.nhs.uk

Smoking Cessation Reports

Additional reports have been created to support the smoking cessation service.

It is recommended that you familiarise yourself with these and in particular:

- Expiring within next 7 days IF A SUBMISSION IS MISSED IT IS NOT POSSIBLE TO PROCEED AND PAYMENT WILL NOT BE MADE.
- No interactions in last 7 days

When viewing the reports please be aware that the Week counter is set Mon-Sun. This means that a patient could have their first contact on a Friday and show as week 1 and then on the following Monday show as week 2.
