

Freedom of Information request 199-17

Request

Can I please ask, what is the care pathway for those experiencing a First Episode of Psychosis in your region?

Response

Referral is made to the relevant Multidisciplinary Community Mental Health Team (usually by GP) for assessment and appropriate management, assessment by a consultant psychiatrist, advice on and monitoring of medication; assessment for, and any appropriate, Community Psychiatric Nursing, Occupational Therapy or Social Work input; and support to access community resources where required. Hospital admission may be recommended in particular circumstances, depending on risk factors, supports available and insight.
