

Freedom of Information request 55-19

Request

I am writing to request information regarding gluten free prescriptions offered to patients within your health board who suffer from issues such as coeliac disease and wheat sensitivity.

Could you provide me with the monthly cost of providing gluten-free prescriptions to patients within your health board, dating back to January 2017.

In addition, could you tell me the most popular (most requested) items from patients and the monthly cost of these. The five most popular items would be fine.

And, if possible, could you break your answer down by the same categories listed on the application form for prescription units. (E.g., child 1-3, male 19-59, breastfeeding, etc.)
