

Freedom of Information request 228-19

Request

Request: I am writing to request data under the Freedom of Information Act 2000 for a listing describing all of the Radiology and Ultrasound equipment at the hospitals within your Trust.

For each individual Radiology and Ultrasound diagnostic imaging system within the Trust:

1. Site Location (Hospital Name)
2. Manufacturer Name
3. Model Name
4. Whether the equipment has been Purchased / Leased / MES
5. Purchase year or age of equipment (years)
6. Planned replacement date

I have identified that in the past 18 months multiple Trusts have received requests entitled 'Radiology and Ultrasound equipment'. If you have complied this information this more than covers my request and I will be happy to receive this dataset.
