1. Does your trust treat Hereditary angioedema HAE? [Yes/No]

No

2. In the last 6 months, how many patients with Hereditary angioedema (HAE) have been treated with,
 - Berint
 - Cinryze
 - Firazyr
 - Ruconest
 - Takhzyro
 - Tranexamic acid
 - Other

Not applicable.

3. Over the past 6 months, how many patients with persistent / chronic* Immune thrombocytopenia purpura [ITP] have you treated [include all treatments such as steroids, splenectomy, immune globulins, Rituximab and TPOs]?

This information is not held electronically and would only be available in a patient's notes. To extract this data would require a manual trawl of all notes and the cost of carrying out this work would exceed the limit set in the Fees Regulations of the FOI(S)A 2002 therefore we are not required to provide.

4. Over the past 6 months, how many patients with persistent / chronic* Immune thrombocytopenia purpura [ITP] were new to treatment with the following;
 - Eltrombopag [Revolade]
 - Romiplostim [Nplate]

*Patient has ITP for over 6 months and does not respond to standard active treatments

None

5. Over the past 6 months, how many patients have you treated with the following conditions and treatments. If None, please state None.

	Total patients	Eltrombopag [Revolade]	Romiplostim [Nplate]
Immune thrombocytopenia purpura [ITP]	*	None	None
Chronic hepatitis C virus (HCV) infection for the treatment of thrombocytopenia, where the degree of thrombocytopenia is the main factor preventing the initiation or limiting the ability to maintain optimal interferon-based therapy	None	None	None
Acquired severe aplastic anaemia (SAA) who were either refractory to prior immunosuppressive therapy or heavily pre-treated and are unsuitable for haematopoietic stem cell transplantation	None	None	None
Chemotherapy induced thrombocytopenia (CIT)	*	None	None
Myelodysplastic syndromes (MDS)	*	None	None

*** This information is not held electronically and would only be available in a patient's notes. To extract this data would require a manual trawl of all notes and the cost of carrying out this work would exceed the limit set in the Fees Regulations of the FOI(S)A 2002 therefore we are not required to provide.**

If you are not satisfied with the way your request has been handled or the decision given, you may ask NHS Borders to review its actions and the decision. If you would like to request a review please apply in writing to, Freedom of Information Review, NHS Borders, Room 2EC3, Education Centre, Borders General Hospital, Melrose, TD6 9BS or foi.enquiries@borders.scot.nhs.uk.

The request for a review should include your name and address for correspondence, the request for information to which the request relates and the issue which you wish to be reviewed. Please state the reference number **432-19** on this request. Your request should be made within 40 working days from receipt of this letter.

If following this review, you remain dissatisfied with the outcome, you may appeal to the Scottish Information Commissioner and request an investigation of your complaint. Your request to the Scottish Information Commissioner should be in writing (or other permanent form), stating your name and an address for correspondence. You should provide the details of the request and your reasons for dissatisfaction with both the original response by NHS Borders and your reasons for dissatisfaction with the outcome of the internal review. Your application for an investigation by the Scottish Information Commissioner must be made within six months of your receipt of the response with which you are dissatisfied. The address for the Office of the Scottish Information Commissioner is, Office of the Scottish Information Commissioner, Kinburn Castle, Doubledykes Road, St Andrews, Fife.
