Dear John

### COVID-19 Mobilisation Plan Addendums

Further to the submission of our second NHS Borders COVID-19 mobilisation plan please find attached two addendums. These follow on from our conversation on 24<sup>th</sup> March where we discussed the potential of utilising a temporary structure as part of our plans to increase inpatient capacity.

Since that conversation we have identified the need to increase floor space for the Community Hub and Assessment Centre and the preferred option for this is also to utilise such a facility.

I would welcome an opportunity for an urgent discussion with you early next week regarding these addendums.

Yours sincerely
