

Freedom of Information request 434-20

Request

Among all the children and young people from your health board area who waited in excess of the 18-week CAMHS standard and started their treatment in (a) 2017-18 (b) 2018-19 (c) 2019-20 and (d) 2020-21 to date (including those still waiting), what was the total number of days over the 18-week standard that they collectively waited.

Please break down the figures for each year specified.

For example, if a child began their treatment after 30 weeks, then that child would contribute 84 days towards the total for the year in which they started their treatment (12 weeks x 7 days).

Response

Please find below the data as per request:

Days over 18 wks by Financial Year (April- Sept for current year)

	April 2017- March 2018	April 2018- March 2019	April 2019- March 2020	April 2020 - Sep 2020
Patients Seen	2478	14882	1680	2317

Days over 18 wks as at end March 2018-2020 and as at end Sept 2020 (most up to date figures)

Patients Waiting	2114	1057	504	10780
------------------	------	------	-----	-------

Please note the Patients Waiting data cannot be added month on month as it is data taken at month end - if you were to have one patient waiting 4 wks at month one and then 8wks at month two, you would then have that patient waiting 12wks when adding the months together which would be incorrect. Therefore we have provided data as at the end of each financial year.

If you are not satisfied with the way your request has been handled or the decision given, you may ask NHS Borders to review its actions and the decision. If you would like to request a review please apply in writing to, Freedom of Information Review, NHS Borders, Room 2EC3, Education Centre, Borders General Hospital, Melrose, TD6 9BS or foi.enquiries@borders.scot.nhs.uk.
