

Freedom of Information request 22-21

Request

How many people have died in Borders general hospital from covid 19 alone? As in they were admitted to hospital and vdiied only due to covid 19, I can see the figures that are published online but these are deaths within 28 days of a positive covid test, so they could have died from different causes.

I would just like to know the exact figures from 1st of February 2020 to 20th December 2020 of people who have died only due to covid 19 alone and no other causes

Response

Between 1 February and 20 December 2020, a total of 21 patients died in Borders General Hospital where the only cause of death was coded and recorded by NHS Borders as COVID-19.
