

Freedom of Information request 38-21

Request

Hi there, please could you provide information on how many NHS staff at NHS Borders have been deployed as vaccinators since January 2020?

I'd like information on the job role of each person and the date they were selected to be deployed as a vaccinator.

Response

To date NHS Borders has not deployed any staff solely as vaccinators.

We have used 139 of our own staff to assist with vaccination to date. We have currently 103 new members of staff employed since January 2021 and have 53 staff pending employment (pre-employment checks in progress). The later group of staff will provide us with a robust and stable vaccination workforce to carry out the mass vaccination without impacting on our other services.

Please find attached within spreadsheet a list of those job roles:
