

Going to the Dentist

Sometimes I have to go to the Dentist so the Dentist can look at my teeth to make sure they are healthy.

The Dentist might take an X-ray of my teeth when I am sitting in the chair. This is okay!

An X-ray takes a picture of my teeth. This is fun!

The X-ray machine might spin around my head as it takes pictures of my teeth.

This is okay and this is normal.

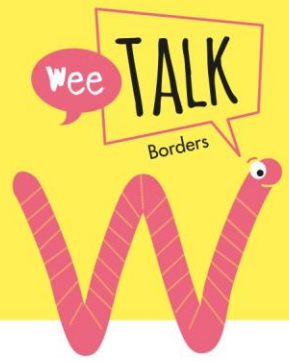

It won't hit my head or hurt me.

The Dentist helps my teeth feel good and look nice! 😊
