

## Going to the Hairdressers

Everyone's hair grows and needs cutting every few weeks. When my hair gets long I need to have it cut.

When I have my hair cut I will go to the hairdressers.

Sometimes I don't like getting my hair cut, this is okay.

I will try to sit in the chair so the hairdresser can cut my hair.

The hairdresser will use a scissors or shaver to cut my hair. The shaver might make a loud buzzing noise, this is okay and it won't hurt me.

I will look great after I have had my hair cut 😊
