Response

Please see the table below for the number of deaths recorded with Subarachnoid Haemorrhage as a cause of death within the NHS Borders from 2017 to 2021:

Year	Number of deaths

2018	<5
2019	<5
2020	<5
2021	<5
2022	0
Grand Total	10

Please note that as NHS Borders is such a small Board and the number of deaths is very small, to provide further details could allow individuals to be identified and we would be in breach of the Data Protection Act 2018. We are therefore withholding all other data under Section 38(2)(ii) of the Freedom of Information (Scotland) Act 2002. This is in accordance with the Code of Practice for Official Statistics that any number that is less than five, actual numbers and potentially identifiable information is withheld to help maintain patient confidentiality due to potential risk of disclosure. Further information is available in the ISD Statistical Disclosure Control Protocol.

If you are not satisfied with the way your request has been handled or the decision given, you may ask NHS Borders to review its actions and the decision. If you would like to request a review please apply in writing to, Freedom of Information Review, NHS Borders, Room 2EC3, Education Centre, Borders General Hospital, Melrose, TD6 9BS or foi.enquiries@borders.scot.nhs.uk.
