### Response

Please find below data recorded within NHS Borders systems. Please note that as NHS Borders is such a small Board the number of deaths is very small, and to provide further details of these could allow individuals to be identified and we would be in breach of the Data Protection Act 2018. We are therefore withholding all other data under Section 38(2)(ii) of the Freedom of Information (Scotland) Act 2002. This is also in accordance with the Code of Practice for Official Statistics any number that is less than five, actual numbers and potentially identifiable information is withheld to help maintain patient confidentiality due to potential risk of disclosure. Further information is available in the ISD Statistical Disclosure Control Protocol:
