Question 4

Does NHS Borders have any local pathways/protocols/guidelines for the use of molecular biomarker testing in diagnosis/treatment of non-small cell lung cancer?

No

All biopsies are processed in NHS Lothian and molecular testing is as per NHS Lothian with reflex testing with NGS panel for actionable mutations for adenocarcinoma and with PDL1 for squamous. Therefore, please note under Section 25 of the Freedom of Information (Scotland) Act 2002 this data may be available from NHS Lothian.

Question 5

Is NHS Borders part of a Cancer alliance or network, if so which ones?

NHS Borders is part of the South East Scotland Cancer Network which feeds into National Cancer Governance, Management and Strategic groups.

If you are not satisfied with the way your request has been handled or the decision given, you may ask NHS Borders to review its actions and the decision. If you would like to request a review please apply in writing to, Freedom of Information Review, NHS Borders, Room 2EC3, Education Centre, Borders General Hospital, Melrose, TD6 9BS or foi.enquiries@borders.scot.nhs.uk.
