

Freedom of Information request 390-23

Request

I would like to make a request for information surrounding radiology maintenance contracts please.

Please could you kindly respond with an asset list of Radiology imaging equipment that the Trust currently have and the maintenance contracts that they are currently supported on (make & models).

It would be great if you could include within the report, the current service providers of each asset on an active maintenance contract along with start & end dates as well as annual pricing where possible.
