

SRC Community Conversations

Scottish Recovery Consortium are delighted to be holding a national consultation event in the Scottish Borders. This is for people with lived experience to discuss the Draft Charter of Rights for people affected by substance use.

Are you someone whose life has been affected by substance use, including alcohol? Then we want to invite you to take part in our events. This consultation is relevant to all our lives, and we want to ensure the voice of lived experience is heard loud and clear!

Please come along and have your say.

Please make sure you read the Draft Charter and come along and tell us what you think. Can it be made better? Does it go far enough? Can you think of any problems that we should be sharing with Scottish Government? Maybe you want to learn more about how this is relevant to your life. We look forward to seeing you and involving you in this consultation.
